

Bogota Aluminum Back

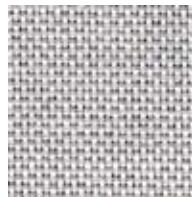

0500 Series (5% open)

This series is a tightly woven PVC-free material, which allows a view to the outside while effectively controlling the sun. It is available in several colors and has an aluminum backing to maximize the reflection of solar energy and reduce heat gain.

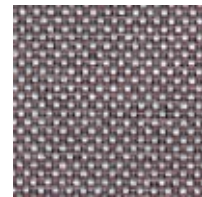

Content: 100% polyester (Trevira CS)
 Openness factor: approx. 5%
 Stocked: 94 in. (239cm) wide

To request a sample, send an e-mail to samples@mechoshade.com:

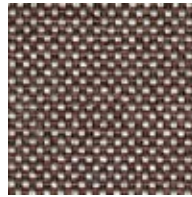

- quarter-memo samples, 4¼ x 5½ in. (11 x 14cm)
- memo samples, 8½ x 11 in. (22 x 28cm)
- large samples, 24 x 24 in. (61 x 61cm)

0501 White

0503 Medium Grey

0507 Taupe

0508 Black

0520 Dark Grey
